What Is **WordPress?** WordPress is a content management system (CMS) that allows you to host and build websites.

**WordPress** contains plugin architecture and a template system, so you can customise any website to fit your business, blog, portfolio, or online store.

43% of the web is built on **WordPress.** More bloggers, small businesses, and Fortune 500 companies use WordPress than all other options combined.

### shopify

What is **Shopify?** Shopify is a complete commerce platform that lets you start, grow, and manage a business.

With **Shopify**, you can:

- Create and customise an online store.
- Sell in multiple places, including web, mobile, social media, online marketplaces, brick-and-mortar locations and pop-up shops.
- Manage products, inventory, payments and shipping.

**Shopify** is completely cloud-based and hosted, which means you don't have to worry about upgrading or maintaining software or web servers. This gives you the flexibility to access and run your business from almost anywhere, including your mobile device.

#### WOO COMMERCE

WooCommerce is an opensource e-commerce plugin for WordPress. It is designed for small to large-sized online merchants using WordPress. Launched on September 27, 2011, the plugin quickly became popular for its simplicity to install and customise.

#### Search Ads

With billions of searches per day on Google, you can use Search ads to make sure potential customers notice your brand, consider your offerings and take action. Help drive sales, leads or site traffic by getting your business in front of people who are actively searching Google for products or services you offer.

#### Shopping Ads

Sell products to the shoppers who matter most – the ones looking for what you offer, whether they're at home, on the go or in-store. Show up when people are shopping with visually engaging product listings and let them know what you have in stock to drive more sales.

#### Display Ads

Display ads can help you promote your business when people are browsing online, watching YouTube videos, checking Gmail or using mobile devices and apps. Build awareness and consideration with memorable, visually engaging ads that reach your audience when they're online, checking Gmail or using mobile apps.

#### Video Ads

Reach potential customers while they're searching, browsing or watching. Get started now and start getting results. Boost awareness of your brand, follow up with former ad viewers and reach potential customers while they're watching or searching for videos on YouTube.

#### Why Choose Us?

We will structure your Google Ads, to drive targeted traffic and lead-conversions into your site. Our specialist team are also highly experienced in the build and management of e-commerce campaigns. We utilise Google AdWords for Search, Shopping and Display Remarketing Campaigns.

#### What are Meta ads?

Build lasting connections with customers through Facebook ads, Instagram ads, or ads clicking to WhatsApp and Messenger. Your Meta ads can show up as your customers explore their Facebook Feed, watch Instagram Reels or check their Messenger Inbox. Businesses can use Meta ads to increase online sales, capture lead conversions, drive in-store traffic and also find new customers.

#### Personalise your ads.

Show people across Meta apps such as Facebook and Instagram the products or services that they're most interested in.

#### Drive more sales.

Increase conversions on your website by showing people products that they want to buy or services they wish to choose.

#### Retarget visitors.

Bring back recent website visitors who previously viewed a service or selected an item without purchasing.

#### Reach the people who want to hear from you.

You decide who sees your ad and where. Create the online audience based on the traits of who you want to see your ad and narrow down your ad's audience by interests, gender or location and use ad targeting to find the people who are most likely to take action. Once your ad starts running, the Meta Ads Manager system will learn who is engaging with it and over time, narrow your audience so you reach more of the right people.

#### Meta Ads Manager Objectives.

This helps you to choose the campaign type, which is most closely aligned to your business goal. The six new objectives are: awareness, traffic, engagement, leads, app promotion and sales. Get the results that you want with the right objective.

#### Why Choose Us?

We are able to build complex sponsored social ad campaigns, driving performance through social targeted and re-marketed traffic. Keeping your social media profiles up to date can also be time consuming, which is why we also offer full social media management packages. We utilise Meta Business Manager for Facebook and Instagram, whilst we also work with TikTok and LinkedIn on request.

Our expert SEO team is here to help you take your business to the next level with our SEO services and solutions. We offer bespoke SEO campaigns for all types of businesses, which are designed to get results.

#### Why Choose Us?

From content creation to backlinking opportunities, our team can help your business to perform better within Google's organic search rankings.
